Our NXT Power Integrity Max is a true online double conversion UPS. Its sleek, forward-thinking, and eco-friendly design provides stable and uninterrupted power for your mission-critical application with industry-leading efficiency, durability, and performance.

POWER QUALITY YOU CAN RELY ON
The industry-leading UPS Line is built to power sophisticated computer loads—systems with high inrush current and high crest factors—which eliminates oversizing and reduces operating costs. You can custom design the output receptacle panel and input line cord for faster and simpler onsite set up.

SUITABLE FOR USE WITH:
› Clinical Diagnostics Application
› Sophisticated computer loads
› Industrial Microprocessor Equipment

SUPERIOR POWER PROTECTION
BENEFITS & FEATURES

› Help your customers protect their electronic systems and ensure uninterrupted uptime all day, every day.

› Enjoy peace of mind knowing equipment is protected from problems due to common-mode voltage, power outages, spikes and transients, and more.

› UL Listed and CE marked

› Wide input voltage and frequency window provided by the online inverter

› Unity output power factor

› Worldwide input voltage options

› Product line options range from 2 kVA to 10 kVA

› All models include NXT Power three-year warranty on batteries, parts and labor.

## ADDITIONAL PRODUCT INFORMATION
- Enclosure: 28.4 in x 11.75 in x 33.0 in

## ADD-ONS
- We offer additional battery cabinets and seismic brackets for all UPS models.
- Custom PDU (rear panels)
  
  Contact your sales representative for more information.

## WE ARE DEDICATED TO PRODUCING THE BEST POWER QUALITY SOLUTIONS AND PRODUCTS ON THE PLANET

We manufacture power quality solutions using proven technology and the latest industry knowledge to deliver the cleanest, most reliable power available to businesses in a diverse range of markets and industries.
